

REMARKS

In the Final official action dated November 22, 2004, the Examiner allowed Claims 19 and 20, and indicated that subject matter of Claim 6 was also allowable. It is to be noted that Claim 18 includes subject matter corresponding to that of Claim 6, and to the allowed claims 19 and 20, and therefore it is believed that the intention of the official action was also to indicate that the subject matter of Claim 18 was also allowable.

The foregoing amendment conforms the claims to what the Examiner indicated was allowable, as understood from the above with respect to Claim 18.

It is believed that this amendment will, therefore, place the application in condition for allowance. Its entry for that purpose is respectfully requested.

Since the application is under Final, an early action is particularly solicited.

Respectfully submitted,
